

# Automatic

Weezer

How am I going to  
Deliver you a mountain size of love?  
How do oceans connected by a straw  
Get something through?

I might need some time to remember  
Need some time to remember

Hey! It's automatic when you know it  
Hey! It's automatic when you feel it

When do I lay down  
And get to see the world inside your eyes?  
How can I reach out  
And hold on to the joy you've got inside?

Hey! It's automatic when you know it  
Hey! It's automatic when you feel it

I got some  
But I wanna feel it every hour  
Cuz I want to give it to you

Hey! It's automatic when you know it  
Hey! It's automatic when you feel it
