

Haunt You Every Day

Weezer

I don't feel the joy
I don't feel the pain
You were just a toy
I am just insane

Walking on my own
Leaving you behind
You were crying out
That you need to speak your mind

Ohhh
So alone in love
So alone in love
I'm gonna haunt you everyday
Haunt you everyday

I am gonna kill
When I need a thrill
Eating at the heart
until I've had my fill
When will stupid learn?
Fires gonna burn
Think of consequence
Then you move when it your turn

Ohhh
So alone in love
So alone in love
I'm gonna haunt you everyday
Haunt you everyday

Walking on my own
Leaving you behind
You were crying out
That you need to speak your mind

Ohhh
So alone in love
So alone in love
I'm gonna haunt you everyday
Haunt you everyday
haunt you everyday
