

Slave

Weezer

Love barely alive in your arms, slave
Dreams taken too far every night, slave

Who put on your heart?
Who put on your heart?
Who put on your heart?
'Cause I can't change, no

When you're on your own
You can see things
Clear, clear as a bell
And you're free, slave

Who put on your heart?
Who put on your heart?
Who put on your heart?
'Cause I can't change, no

And my girl we'll say good-bye
To the things we'll never try

Who put on your heart?
Who put on your heart?
Who put on your heart?
'Cause I can't change, no

And my girl we'll say good-bye
To the things we'll never try

Love, barely alive
Love, barely alive
Love, barely alive
Slave...
