Slave

Weezer

Love barely alive in your arms, slave Dreams taken too far every night, slave

Who put on your heart? Who put on your heart? Who put on your heart? 'Cause I can't change, no

When you're on your own You can see things Clear, clear as a bell And you're free, slave

Who put on your heart? Who put on your heart? Who put on your heart? 'Cause I can't change, no

And my girl we'll say good-bye To the things we'll never try

Who put on your heart? Who put on your heart? Who put on your heart? 'Cause I can't change, no

And my girl we'll say good-bye To the things we'll never try

Love, barely alive Love, barely alive Love, barely alive Slave...
