

# The Angel and the One

Weezer

It's not my destiny  
To be the one that you will lay with  
So many reasons why  
I have to go but want to stay here  
Sometimes I want to taste  
But then I don't know what I'm sayin'  
You are the angel  
And I am the one that is prayin'

There is another love  
That I would rather be obeyin'  
I see the ecstasy  
And already I'm anticipating.  
I feel a deeper peace  
And that deeper peace is penetratin'

I got the magic in me  
I am complete is what I'm sayin'  
I'm flyin' up so high  
My purple majesty displayin'  
I've reached a higher place  
That no one else can make a claim in

I'll take you there my friend  
I'm reachin' out my hand so take it  
We are the angels  
And we are the one's that are prayin'

Peace, Shalom  
Peace, Shalom  
Peace, Peace  
Peace, Peace  
Peace, Peace

Peace, Shalom  
Peace, Shalom  
Peace, Peace  
Peace, Peace  
Peace, Peace

Rivers: Ooh ooh..... (all through out next two verses)

Peace, Peace  
Peace, Peace

Peace, Shalom  
Peace, Shalom
