

# The British Are Coming

Weezer

This is the night, light up the fire in the forge  
We're not the coins in the coffer of old king George

One if by land two if they come by sea  
We'll show them we are the true sons of liberty

Punk ass redcoats trying to run the show  
Telling me what to do and where to go  
Mount your horse cause it's time to tell the world

The British are coming  
The British are coming  
The British are coming

Smear on the soot  
Tear up an old deer skin shirt  
We know the shot will be heard all around the world

Punk ass redcoats trying to run the show  
Telling me what to do and where to go  
Mount your horse cause it's time to tell the world

The British are coming  
The British are coming  
The British are coming

This is the destiny of all mankind  
We will shake off these chains and shackles that bind  
Come on let's give them everything we have

The British are coming  
The British are coming  
The British are coming
