The Christmas Song

Weezer

You told me you would be here by my side Warming my heart on this cold winter's night Here I sit waiting beside the tree all by myself

You told me you would move heaven and earth Cheering my spirits with laughter and mirth Here I sit waiting beside the tree all by myself

Oh, could you ever know how much I care? Could you ever know that out somewhere There's a boy who really hurts?

Since I found you I found a girl I found a thorn I found a queen Now I am warm

Oh, could you ever know how much I care? Could you ever know that out somewhere There's a boy who really hurts?

Since I found you I found a girl I found a thorn I found a queen Now I am warm

You told me you would bring presents and treats Cheering my spirits with homemade sweet meats Here I sit waiting beside the tree all by myself

Here I sit waiting beside the tree all by myself
