

# The World Has Turned and Left Me Here

Weezer

The world has turned and left me here  
Just where I was before you appeared  
And in your place an empty space  
Has filled the void behind my face

I just made love with your sweet memory  
One thousand times in my head  
You said you loved it more than ever  
You said

You remain turned away  
Turning further every day

The world has turned and left me here  
Just where I was before you appeared  
And in your place an empty space  
Has filled the void behind my face

I talked for hours to your wallet photograph  
And you just listened  
You laughed enchanted by intellect  
Or maybe you didn't

You remain turned away  
Turning further every day

The world has turned and left me here  
Just where I was before you appeared  
And in your place an empty space  
Has filled the void behind my face

You remain, turned away  
Turning further every day

The world has turned and left me here  
Just where I was before you appeared  
And in your place, an empty space  
Has filled the void behind my face

Do you believe what I sing now?  
Do you believe what I sing now?  
Do you believe?

Do you believe what I sing now?  
Do you believe what I sing now?  
Do you believe?
