

# Trampoline

Weezer

I've never seen you before  
But I know what you're thinking  
You've got a knife in your back  
And your witches are sinking

Trampoline  
You're on my mind

I've never seen you before  
But I know what you're feeling  
You're running under the ground  
And you're hitting the ceiling

Trampoline  
You're on my mind

I've never seen you before  
But I know what you're thinking  
You've got a knife in your back  
And your witches are sinking  
Yes they're sinking

Trampoline (Trampoline)  
You're on my mind
