

# Wind in Our Sail

Weezer

A boy and a girl  
Albatross around their necks  
Hands burning from the rope  
Ships stranded in the tropics  
Acidification wiped out the tiger shark  
Let's try to save their souls  
And trust the man with the Torah

We got the wind in our sail  
Like Darwin on the Beagle  
Or Mendel experimenting with a pea  
We got the wind in our sail  
And we can do so many great things together, together

Breathe in the salt  
Slicing waves at 40 knots  
Cumulonimbus in the sky  
This is what we've waited for  
And now there's no more hyperventilating in wheelchairs  
We're gonna save the last dog on Funk Island  
We're had to do it wrong before we could do it right

We got the wind in our sail  
Like Darwin on the Beagle  
Or Mendel experimenting with a pea  
We got the wind in our sail  
And we can do so many great things together, together

Pushing the stone up the hill and if it rolls back down  
Whoa, Sisyphus it rolls back down  
Pushing the stone up the hill and if it rolls back down  
Whoa, Sisyphus it rolls back down

We got the wind in our sail  
Like Darwin on the Beagle  
Or Mendel experimenting with a pea  
We got the wind in our sail  
And we can do so many great things together, together
