

## Spy Hard

"Weird Al" Yankovic

A man of intrigue, he lives for the thrill  
Always has places to go, and people to kill  
Danger is the game he plays, and he holds every card  
'Cause if you wanna win, you gotta spy hard

A man of the world, so suave and discrete  
He trips over the women piled up at his feet  
But evil's lurking, so he's always on his guard  
'Cause if you're gonna spy, you better spy hard

He's always there, when the chips are beginning to fall  
He wouldn't care, if they kicked him and grabbed him  
And shot him and stabbed him  
And nailed both his ears to the wall

Facing death every day is a tough job for any man  
But his hours are flexible, and he's got a great dental plan  
By the way, if you walked in late,  
Allow me to reiterate:  
The name of this movie is Spy Hard  
They call it Spy Hard  
You're watching Spy Hard  
It's the theme from Spy Haaaaaaaaaaaaard!
