

## Now, Invisibly

### Wellwater Conspiracy

Knows when to think  
Darkness comes, now invisibly  
Not because, but don't use to see

These eyes exist inside  
Roads carry us, a world divine  
A world divine

Gonna' catch up  
To your destiny  
With two cups  
Like coffee and tea  
Roll the lumps, just as easily  
Not because, but don't use to see

These eyes exist inside  
Roads carry us, a world divine  
A world divine
