Wellwater Conspiracy

Unwind holding back
Their unknown where it rolls
But I know

Would her eyes for the killing It wasn't that I couldn't live Cursing me in this way

Time's escaping time Time's escaping time Who is young Who is you

Would her eyes for the killing It wasn't that I couldn't live Cursing me in this way

Now I'd give to own What it is to know

Now I'd give to own What it is to know

Time's escaping time Who is young
Who is young
Who is you

Would her eyes for the killing It wasn't that I couldn't live Cursing me in this way

In this way
