

# You Do You

## Wellwater Conspiracy

Strapped in I've tried Too many times Tied too many lines Of th  
is imaginary time Where you find yourself

We both know No going in this world There's nowhere to go To fi  
nd yourself

As do you do you Better than you hoped you could

Trapped in I've tried Heard too many lies Seen too many eyes Fu  
ll of themselves

The world is on the go It's way to low How can you find yoursel  
f

As do you do you Better than you hoped you would As do you do y  
ou Better than you hoped you could

You say you Anytime You say you All the time
