

Dark Wings

Wendy Rule

I'm going down
Down into soil
I'm going down
Dark wings will guide me
I know the way for I have been there
So many times I cannot count them
And though I know I will return when
The deed is done
When the seed is growing
My heart is scared
My limbs are shaking
It seems too cruel to have to do this
Over and over
Over and over
Why can't I find a secret passage
That takes me there without the pain?
My midnight wings beating in beauty
My conscious mind
My core of wisdom
Honours the dark essential journey
But when I'm crying
When I'm crying
It feels so hard, hard to remember
I'm going down
Down into soil
I'm going down
Dark wings will guide me
