

Moonset And Sunrise

Wendy Rule

I'm awake before the dawn
Dreams have fallen from my eyes
I am waiting for the full
Moonset and sunrise
I am standing on a hill
City sleeps in lunar light
And the air is holding still
Kissing the fading light
Kissing the fading light
Suspending the moon
On the floating horizon
I'm awake before the dawn
I can see the city rise
I am witnessing the world
Through my eyes
