

## Outburst

Wesley Willis

My yelling got me put out of the art store  
The voices in my head cussed at me  
I was yelling like a wild animal  
I felt like a jackass screaming at the top of my lungs

Jim Sims got on my ass for screaming like a wild animal  
at Genesis on Western  
I freaked out a lot of customers

I also said 'suck my dick' in front of a lot of people

I was warned that if I had another psychotic outburst I  
will be barred out of Genesis for life  
A chronic schizophrenia attack happens every time I speak  
my word  
Then I start screaming
