

Pantera

Wesley Willis

This band played at the Aragon
About 4,000 people were at the show
The metal rock was awesome
Their heavy death metal
Was kicking a horse's ass

Pantera

The metal band played it on
The metal band whipped it up
The crowd roared like a lion
They can really rock the nation

Pantera

The show was over
A lot of people met the band
The metal rock show was a blessing
The jam session was whipping on a horse's ass

Pantera

Rock over London, rock on Chicago
Western Union, it's the fastest
Way to send money
