

# Change The World

Westlife

Since you've gone, well it  
seems like everything is wrong  
And deep inside, I know that I've  
lost much more than pride  
Well happiness is getting further away  
Girl I miss you more than words can say  
I need a miracle now  
So tell me

How can I change the world  
'Cos I sure can't change your mind  
Where's the miracle I need now  
Got to get to you somehow  
'Cos I can't change the world  
I can't change the world  
No I can' change the world

Losing you, well it's been the hardest  
thing to do  
So I close my eyes and tell myself  
That somehow I'll survive  
Well you gave me heaven then you  
Took it away  
Girl I miss you more with each  
Passing day  
I need a miracle now  
So tell me...

How can I change the world  
'Cos I sure can't change your mind  
Where's the miracle I need now  
Got to get to you somehow

And it's so sad that you have to leave me  
Just so you can find yourself  
And it's so sad that you just can't see  
I love you more than life itself

No I can't change the world

How can I change the world  
'Cos I sure can't change your mind  
Where's the miracle I need now  
Got to get to you somehow  
'Cos I can't I can't change the world  
Got to get to you somehow  
No I can't change the world
