

Colour My World

Westlife

Shane:

Everybody needs affection
Looking for a deep connection
So put a little bit
Of love in my life today
Everybody needs some shelter
Spend a little time together
Come into my arms
Let them tell you what I wanna say

Chorus (Mark & Shane):

Colour my world
Draw on my heart
Take a picture of what you think love looks like in your imagination
Write on my soul
Everything you know
Use every word you've ever heard
To colour my world

Mark:

I've had enough of not believing
Living life without a meaning
I want something real
And I feel it when I'm next to you

Shane:

Let's build our house of love and devotion
A window to my heart's emotion
Until the very end
It's the place I'm gonna keep you in
(Baby please just)

Chorus (Mark & Shane):

Colour my world
Draw on my heart
Take a picture of what you think love looks like in your imagination
Write on my soul
Everything you know
Use every word you've ever heard
To colour my world

Mark:

Let's make a world for you and me yeah

Shane:

That we're never gonna leave

Mark:

Won't you do it, won't you colour my world

Chorus (Mark & Shane):

Colour my world
Draw on my heart
Take a picture of what you think love looks like in your imagination
Write on my soul (write on my soul)
Everything you know (everything you know)
Use every word you've ever heard

To colour my world

Shane:

I said, take a picture of what you think love
Looks like in your imagination
Colour my world (colour my world)
Use every word you've ever heard
To colour my world

Shane:

Everybody needs affection
Looking for a deep connection
So colour my world
