

# I Don't Wanna Fight

Westlife

I can't sleep  
everything I ever knew  
is a lie without you  
I can't breathe  
when my heart is broke in two  
there's no beat, without you  
You're not gone, but you're not here  
At least that's the way it seems tonight  
If we could try to end these wars  
I know that we can make it right  
Cause baby...

R: I don't wanna fight no more  
I forgot what we were fighting for  
and this loneliness that's in my heart  
wont let me be apart from you  
I don't want to have to try  
Girl to live without you in my life  
so I'm hoping we can start tonight  
cause I don't wanna fight  
NO MORE...

How can I live  
When everything that I adore  
And everything I'm living for  
Girl it's in you  
I can't dream  
Sleepless nights have got me bad  
The only dream I ever had  
Is being with you  
I know that we can make it right  
It's gonna take a little time  
Lets not leave ourselves with no way out  
Lets not cross that line

R: I don't wanna fight no more...

Remember that I made a vow that I would  
never let you go  
I mean it then I mean it now and I  
want to tell you so

R: I don't wanna fight no more... (2x)

it's a lie without you  
Without you
