

Still Here

Westlife

Sometimes I wanna leave
I think of giving up
Honest

I say I'm letting go
But when I do you call
My bluff

And even though you say it's not true
You love to keep me running round in circles
But I wouldn't want it any other way

Cause I'm still here
To walk right through your fires
When I'm not near you
My whole world turns alight
So if I fight, I will fight to be with you
And if I die, let me die because of you

You try to push away
And try to bring me back
Again, yeah

It's so incredible
How you can always mess
With my head (my head)

Sometimes I wish I didn't need you
I wish you didn't have a look that breaks me
But I just can't seem to keep myself away

Cause I'm still here
To walk right through your fires
When I'm not near you
My whole world turns alight
So if I fight, I will fight to be with you (to be with you)
And if I die, let me die because of you
Yeah yeah yeah

Oh, cause I'm still here
I'm still here

And eventhough you say it's not true
You love to keep me running round in circles
But I wouldn't want it any other way

Cause I'm still here
To walk right through your fires
When I'm not near you (when I'm not near)
My whole world turns alight
So if I fight, I will fight to be with you (to be with you)
And if I die, let me die because of you
Yeah I'm still here
