Talk Me Down

Westlife

I'm too tired to go to bed
I'm too wired for anything except
The crossfire in my head
It's been a long night
'Cos I took all I can take
'Till the walls shook and the windows break
I want to phone you but it's far too late
It's been a long night

R: So talk me down
   Talk me down
   Talk me down
   Talk me down

'Cos we fought an endless war
'Till we forgot what we were fighting for
Now we can't stop
But we can withdraw
In the long night

R: So talk me down...

The light flashed and I thought I'd died
My life passed before my eyes
It went too fast for the love I feel
Inside

R: So talk me down...

Down, down, down
Lay your head near mine
Tell me that it's all fine
Love me while there's still time
It's been a long night
