## Tonight

Lately I'm so tired, if I took it all out on you I never meant to If I left you outside, if you ever felt I ignored you Know my life is all you

- \*1: So put your best dress on And wrap yourself in the arms of someone Who wants to give you all the love you want
- R: Tonight I'm gonna make it up to you Tonight I'm gonna make love to you Tonight you're gonna know how much I missed you Baby tonight I'll dedicate my heart to you Tonight I'm gonna be a part of you Tonigh you're gonna know how much I miss you And I miss you so

I don't want to act like I know that you'll be mine forever Though I hope it's forever Don't want you to feel like I take you for granted whenever We are together

\*1: So put your best dress on...

R: Tonight I'm gonna make it up to you...

- \*2: So put your best dress on And wraps yourself in my arms My love
- R: Tonight I'm gonna make it up to you...
