

Us Against The World

Westlife

Us against the world
Against the world
Us against the world
Against the world
You and I, we've been at it so long
I still got the strongest fire
You and I, we still know how to talk
Know how to walk that wire

Sometimes I feel like
The world is against me
The sound of your voice, baby
That's what saves me
When we're together I feel so invincible

Cause it's us against the world
You and me against them all
If you listen to these words
Know that we are standing tall
I don't ever see the day that
I won't catch you when you fall
Cause it's us against the world tonight

Us against the world
Against the world

There'll be days
We'll be on different sides but
That doesn't last too long
We find ways to get it on track
And know how to turn back on

Sometimes I feel
I can't keep it together
Then you hold me close
And you make it better
When I'm with you
I can feel so unbreakable

Cause it's us against the world
You and me against them all
If you listen to these words
Know that we are standing tall
I don't ever see the day that
I won't catch you when you fall
Cause it's us against the world tonight

We're not gonna break
Cause we both still believe
We know what we've got
And we've got what we need alright
We're doing something right

Cause it's us against the world
You and me against them all
If you listen to these words
Know that we are standing tall

I don't ever see the day that
I won't catch you when you fall

Cause it's us against the world tonight

Us against the world
You and me against them all
If you listen to these words
Know that we are standing tall
I don't ever see the day that
I won't catch you when you fall

Us against the world
Yeah it's Us against the world, baby
Us against the world
Tonight

Us against the world
Against the world
Us against the world
