

# When I'm With You

Westlife

When I'm with you  
When I'm with you  
When I'm with you you you  
You.. when I'm with you

What good's a memory  
Without you there with me  
The morning sun ain't the same  
Without you here  
You are the summer breeze  
The wind blowing through the trees  
You make the loneliness  
All just disappear

Nothing replaces your touch  
Never stop believing in us  
They try to break us  
But we stand strong in love  
They'll be no distance too far  
I gotta be where you are (right where you are)

I don't wanna face this world alone  
Without you by my side  
You're the only one  
That makes it feel like home  
And I need you in my life  
When you're not around I'm feeling  
Like a piece of me is missing  
When it feels like the day is closing in  
Somehow I find the faith  
To make it through  
When I'm with you  
When I'm with you  
When I'm with you you you  
You.. when I'm with you

What's a photograph  
If you're not in the other half  
Why even dream  
If I'm not dreaming of you  
You make me a better man  
Promise I'll do all I can  
Your love keeps me bringing me  
Closer to the truth

Nothing replaces your touch  
Never stop believing in us  
They try to break us  
But we stand strong in love  
They'll be no distance too far  
I gotta be where you are (right where you are)

I don't wanna face this world alone  
Without you by my side  
You're the only one  
That makes it feel like home  
And I need you in my life

When you're not around I'm feeling  
Like a piece of me is missing  
When it feels like the day is closing in  
Somehow I find the faith  
To make it through

When I'm with you  
When I'm with you  
When I'm with you you you  
You.. when I'm with you

When I'm with you  
When I'm with you  
When I'm with you you you  
You.. when I'm with you

Hey

I questioned whether time or fate  
Would ever show me a sign  
The moment I saw you  
That's when I knew  
I feel it when I'm with you

I don't wanna face this world alone  
Without you by my side  
You're the only one  
That makes it feel like home  
And I need you in my life  
When you're not around I'm feeling  
Like a piece of me is missing  
When it feels like the day is closing in  
Somehow I find the faith  
To make it through  
When I'm with you  
When I'm with you  
When I'm with you you you  
You.. when I'm with you

When I'm with you  
When I'm with you  
When I'm with you you you  
When I'm with you
