

Wide Open

Westlife

Why do I try to hide
These feelings deep inside?
But tonight seems too long
To live this life, all alone

I guess I'll have to wait
It's almost more than I can take
Is it written in the stars?
This kingdom in your eyes
This world could be ours

So letting go tonight
And handing you the knife

If you cut me wide open
There's a love here unspoken
A heart overflowing
Dreaming of your kiss

I'm standing here hoping
For the moment you say when
Touching your skin, giving
You kill me everytime
I would die for you

I could go on and pretend
And play the fool again
How can I just walk away
From everything I feel
When all I wanna say
These scars'll never heal
And they'll never go away

So cut me wide open
There's a love here unspoken
A heart overflowing
Dreaming of your kiss

I'm standing here hoping
For the moment you say when
Touching your skin, giving
You kill me everytime
I would die for you...

There's no way to explain to you
Just cutting through my veins
I can't take it any longer
This feeling's getting stronger every day, yeah-ah

If you cut me wide open
There's a love here unspoken
A heart overflowing
Dreaming of your kiss

I'm standing here hoping
For the moment you say when
Touching your skin, giving

You kill me everytime
I would die for you...

(Ooh-ooh)

I would die for you...
I would die for you...
I would die for you
