

# After the Love Goes

Wet Wet Wet

It's been a year since I last saw Mary,  
When she said goodbye  
She casts a spell on my intention  
That's the reason why  
I'm taking my thought from a bottle lately,  
And breaking them up in my mind,  
All my problems they don't look pretty,  
Oh but it is no surprise

Well it's so hard  
To take what you're given  
Well it's so hard,  
To give what you've got

After the love goes  
here I go,  
there's no easy road

Bright lights of Memphis  
Sounds like a real good time  
But I lost my heart and my money  
Honed like cherry wine  
But I don't remember the church bells ring,  
Thru the day or the night,  
But I kept my soul on my own  
Not without a fight

Well it's so hard  
To take what you're given,  
Well it's so hard,  
To give what you've got

After the love goes,  
here I go  
there's no easy road

It's been awhile since I last saw Mary  
Wipe a tearful eye,  
Well I remember I first heard Mary  
Saying her last goodbye,  
Breaking it up from my bottle lately,  
And making it up in my mind,  
But all my problems, they don't look pretty,  
Ooh that's the bottom line.

It's so hard  
After The Love Goes To take what you're given,  
Well it's so hard,  
To give what you've got

After the love goes,  
here I go,  
there's no easy road
