

Back on My Feat

Wet Wet Wet

Shouldn't really matter
But everything's getting me down
I'll get myself together
And get my feet on solid ground
I used to get so mad about it,
Moving on the wrong tracks

I wanna get right back where I wanna be
On the right side of the road
I wanna get right back, where I belong
Oh I'm letting it roll, wherever I go
Wherever I go.

Give a lifetime full of lovin' to spend a little time with you,
yes I will
Gonna set my sights to get her
And makin' sure my aim is true,
My aim is true, well
I used to get so mad about it,
Moving on the wrong tracks

I wanna get right back where I wanna be
On the right side of the road
I wanna get right back, where I belong
Oh I'm letting it roll, wherever I go
Wherever I go.

Let it roll

It's never easy movin' on,
When all you want is there for you
It's never easy keeping love,
The peace and understanding
Understanding, woh, woh, woh, yeah

I wanna get right back where I wanna be
On the right side of the road
I wanna get right back, where I belong
Oh I'm letting it roll, wherever I go
Wherever I go.
