

East of the River

Wet Wet Wet

Let love shine

Gotta gotta know
I see the sun in your eyes
Let me take your hand
And we'll go to wonderland
I bet you've asked silly questions
Like do I still love you
Better believe it, honey

'Cause you're the girl from the east of the river
'Cause you're the girl from the east of the river
'Cause you're the girl from the east of the river

They all went mad
On the way out west, hells bells baby
But you can bet your bottom dollar
That my arch full flame
May win you over, bring it back, bring it back, bring it back c
'mon now baby
I'm the lie that tells the truth

'Cause you're the girl from the east of the river
'Cause you're the girl from the east of the river

Where the grass is always greener
And the pavements
Are all paved with gold
Please please don't be told
C'mon I said east of the river

I don't want to work for nobody but you

You're the girl from the east of the river
You're the girl from the east of the river
You're the girl from the east of the river
You're the girl from the east of the river
