

Hear Me Now

Wet Wet Wet

Can you ever have too much
Of a lover's gentle touch
That always drive me crazy
She's the one that saves me now
Ooh, she saves me now

Looking back on days gone by
Getting drunk and getting' high
Driving in the sea of changes
And I feel I'm going down
Ooh, I'm going down

Just when I tried to make it better
You never wanted me anyway

Can you hear me now
Can you hear me call your name
Can you see me now
Things will never be the same, the same

Is there something I can say
To try to take away the pain
I don't wanna stop you cryin'
I just wanna hear you now
Ooh, hear you now

But it don't makes much sense to me
When all I want is to set you free
Just wanna see you smilin'
I don't wanna hurt no more
Ooh, don't wanna hurt no more

Just when I tried to make it better
You never wanted me in anywhere

Can you hear me now
Can you hear me call your name
Can you see me now
Things will never be the same
Can you hear me now
Can you see me now

I know it's hard to carry on
Then you were right and I was wrong
Please help me now

Can you hear me now
Can you hear me call your name
Can you see me now
Things will never be the same
