

I Remember

Wet Wet Wet

I should've known better, c'mon
I should've known better, c'mon
How long for those warm summer nights
Of playing the fool and getting uptight
Crush my precious wish to the ground
You are the sunshine taste of forgive and forget

Oh I remember having all the love to give
I remember a precious wish upon my loving lips
You have touched my mind, my soul and my everything
Oh I remember having all the love to give
I remember a precious wish upon my loving lips
Please, oh please help me

Looking back at what we had
Say I still want you so much
Say I was loving you for just one reason
Loving you for just one season
You're required for desire

Oh I remember having all the love to give
I remember a precious wish upon my loving lips
You have touched my mind, my soul and my everything
Oh I remember having all the love to give
I remember a precious wish upon my loving lips
Please, oh please help me

Oh I remember
Oh I remember

Say I was, say I was, loving you, loving you, loving you
Loving you, loving you, loving you
Please, oh please help me

Oh I remember having all the love to give
I remember a precious wish upon my loving lips
Oh I remember having all the love to give
Please, oh please help me
Please, oh please help me
Please, oh please help me

And I try to act naturally
