

New Age Sacrifice

Wet Wet Wet

You all know me but I don't know you
I'm everything your hearts desire
'Cos I'm special, people tell me so
And I just want to let you know

That the world is watching me
Flick the switch to my reality
Hope I'm everything you want me to be
'Cos I'm a new age sacrifice, new age sacrifice

Look at the speed of my world spinning
Round and around and around
Look at me now, I just can't stop
There's a man telling me that I'm gonna be free
If I just sign my name on the line
And he wants me, he wants me to know

That the world is watching me
Flick the switch to my reality
Hope I'm everything you want me to be
'Cos I'm a new age sacrifice, new age sacrifice

Roll-up roll-up come watch the show
You can read the number one book
What I wrote you know
Buy my t-shirt, the perfume and the fitness video
I think you need me in your life

I hope the world is watching me
Flick the switch to my reality
I know I'm everything you want me to be
'Cos I'm a new age sacrifice, new age sacrifice

That's me
