

Move Me

Wet

Call me by my real name
Call me all the time
Call me by my real name
Call me baby
And can you save me?

Call me by my real name
Say my name out loud
Call me by my real name
Call me crazy
And can you save me?

Or move me?

He moves me
I'm moving
And can you save me?

Or move me?

He moves me (That's how I know that I'm not)
I'm moving (You can do anything)
He moves me (It's the way that I know)
I'm moving (You can tell by the way it feels)

Call me by my real name
Call me one last time
Call me by my real name
Call me baby
And can you save me

Call me by my real name
Say my name out loud
Call me by my real name
Call me crazy
And can you save me?

Or move me?

He moves me (That's how I know that I'm not)
I'm moving (You can do anything)
He moves me (And it's the way I know I'm)
I'm moving (You can tell by way I feel)
He moves me (That's how I know that I'm not)
I'm moving (You can do anything)
He moves me (That's the way that I know)
I'm moving (You can tell by the way)
He moves me
