

## Baby Boy

Whigfield

Won't you touch me baby boy  
I need happiness so let's rejoyce  
Feeling motion trip your body  
You'll be forever my baby boy

Just caress me baby boy  
I need a little love and you're my choise  
Feel sensation lift your body  
We'll be together my baby boy

My my my my my baby  
My my my my my baby  
My my my my my baby boy

My my my my my baby  
My my my my my baby

Oh oh oh oh oh oh

Touch my heart oh baby boy  
'Cos you got the love that I enjoy  
Feel the flame right in your body  
You'll be forever my baby boy

Hold me tight my baby boy  
You gotta stay with me now  
Don't be coy  
Feel devotion in your body  
We'll be together my baby boy

I need happiness so let's rejoyce  
Feeling motion trip your body

Just caress me baby boy  
I need a little love and you're my choise  
Feel sensation lift your body
