

Baby Boy

Whigfield

Won't you touch me baby boy
I need happiness so let's rejoice
Feeling motion trip your body
You'll be forever my baby boy

Just caress me baby boy
I need a little love and you're my choice
Feel sensation lift your body
We'll be together my baby boy

My my my my my baby
My my my my my baby
My my my my my baby boy

My my my my my baby
My my my my my baby
My my my my my baby boy

Oh oh oh oh oh oh

Touch my heart oh baby boy
'Cos you got the love that I enjoy
Feel the flame right in your body
You'll be forever my baby boy

Hold me tight my baby boy
You gotta stay with me now
Don't be coy
Feel devotion in your body
We'll be together my baby boy

Oh oh oh oh oh oh

Won't you touch me baby boy
I need happiness so let's rejoice
Feeling motion trip your body
You'll be forever my baby boy

Just caress me baby boy
I need a little love and you're my choice
Feel sensation lift your body
We'll be together my baby boy
