In My Fantasy
Ba ba ba ba ba ba
Eh eh oooh yeah
Oh oh yeah

Oh my life was nothing, but you are something
I dream about everyday and night
Boy you got me thinking, on what I'm missing
I can't do without you by my side

And you know, yes you know
How love goes, just how it goes

You're my lover and my fantasy
You're all that I would like to be
Hey baby say you'll come with me
And stay for all eternity
You're my lover and my fantasy
You're all that I would like to be
Hey baby say you'll come with me
And stay for all eternity - yeah
Ooh hoo
oh oh yeah
Ooh hoo

It sounds so crazy, but you got to save me
From sleeping nights, full of asking why
Boy life ain't easy, there's lies and cheating
I could never do all of that to you

So come on, come on
That's how love goes, that's how it goes...

You're my lover and my fantasy (oh yeah)
You're all that I would like to be
Hey baby say you'll come with me (you'll come with me)
And stay for all eternity (ooohh)
You're my lover and my fantasy
You're all that I would like to be
Hey baby say you'll come with me (hey baby, hey baby)
And stay for all eternity - yeah hoo

yeah - he
You and me
Oh baby
In my fantasy
Oh yeah
In my fantasy
That's how it goes

Yeah... oh
Say, say, say you'll come with me
That's how love goes
That's how it goes
I can tell you why

You're my lover and my fantasy

You're all that I would like to be
Hey baby say you'll come with me
And stay for all eternity
You're my lover and my fantasy
You're all that I would like to be
Hey baby say you'll come with me
And stay for all eternity - yeah
