

# Lost In You

Whigfield

(I'm lost in you  
in love we two)

What has happened to me  
Feeling like i've changed  
Nothing is the same  
Boy is it really me  
Calling out your name  
Till you're here

When I look at the time  
Seems to never pass  
Till you're here at last  
And i'm starting to fly  
Baby you're the key  
I believe

I'm lost in you  
Tell you what it is  
Started with a kiss  
In love we two  
Such a simple bliss  
Started with a kiss

Say you will never leave  
Now you touched my heart  
There you've placed a spark  
And eventually the spark became a  
flame  
And the's the game

I got things on my mind  
Things i wanna do  
All involving you  
I can't leave you behind  
Boy you lift me high  
Tell you why

I'm lost in you  
Tell you what it is  
Started with a kiss  
In love we two  
Such a simple bliss  
Started with a kiss
