

# Out Of Sight

Whigfield

Ah ah ah ah ah ah...  
Tell me when you're out of sight  
Tell me when you're out of sight  
Why does it feel - why does it feel

Well at times you can be cruel  
Drive me to despair  
When I need you most of all  
You're not there, you re not there

We're together in the day  
And affection grows  
But when daylight fades away  
I'm alone, I'm alone

Tell me when you re out of sight  
Why don't you think of me  
Tell me when you re out of sight  
Why do you feel so free

Boy it's time for me to say  
I can take no more  
Not another single day  
Like before, like before

Ha ha - ha ha - out of sight  
Ha ha - ha ha - oh yeah
