Taratata Taratata Taratata

Taratata Taratata Taratata

Was a time when my life was mine Seemed to follow along the line Now I'm here in different time Long from when your love was mine

Follow what there is to find Looking out for all those hidden signs Never wanted a lonely time Too bad I can't read your mind

Taratata Taratata

Was a time when my life was mine Seemed to be going great and fine Now I'm here in pool of tears Long from when I held you near

Taratata Taratata Taratata

Follow what there is to find Looking out for all those hidden signs Never wanted a lonely time Too bad I can't read your mind

Too bad I can't read your mind

Time time was a time
Time time read your mind
Time time was a time
Time time read your mind
Time time was a time
Time time read your mind
