

# Empire Of Silence

## While She Sleeps

This empire of silence sways in the wind  
Leaves for the winter won't you shelter me  
Look in the mirror, tell me what you see  
A cause for the cancer or a remedy?

Every rung beneath my feet  
The weight will bare on shoulders build to lean  
The strength inside a seed, we're all alone  
If I learn from our deceits  
Let the water guide us to the sea  
For all our wounds to heal  
We're all alone

We're building walls  
Where there should have been bridges  
Borders in the land that we roam  
We pray for war like it's a fucking religion  
When greed is all we know  
When greed is all we know  
When greed is all we know

Conditioned innocent with loves intention  
Confused together, realize we're all the same  
We're all the same

This empire of silence sways in the wind  
Leaves for the winter won't you shelter me  
Look in the mirror, tell me what you see  
A cause for the cancer or a remedy?  
Pull out the knife that you've earned  
This world's a loss to an age of a self loving race  
With no desire to change  
Emergency positions please, reprieve humanity

We're building walls  
Where there should have been bridges  
Borders in the land that we roam  
We pray for war like it's a fucking religion  
When greed is all we know  
We're building walls  
Where there should have been bridges  
Borders in the land that we roam  
We pray for war like it's a fucking religion  
When greed is all we know  
When greed is all we know  
We won't give up on the truth  
We won't give in to their rules  
We're not afraid of a world corrupted  
We won't give up on you
