

1,000 Times

Whiplash

I don't see them taking me alive
Blinded by the blood that stains my eyes
I won't give in □ no!

I'll fight to the finish
I don't want to die
No, I don't want to lose my pride
I've got all it takes to survive
I've seen my death 1.000 times

Greed from hell falls down so hard on the innocent
I pray they see the light of Heaven shine
There is no pity

I'll fight to the finish
I don't want to die
No, I don't want to lose my pride
I've got all it takes to survive
I've seen my death 1.000 times

Screams for life they seem so far away
Life makes death one hell of a price to pay
I want revenge

I'll fight to the finish
I don't want to die
No, I don't want to lose my mind
I've got all it takes to survive
I've seen my death 1.000 times
