

# Enemy

## Whiplash

The President gave the word the other day,  
He ruled the world  
Time to meet your nightmare face to face  
Start the fires  
Cities are burning,  
I'm scared out of my jeans.  
I'm about to see hell man,  
God must have set me free

What does it mean to make a man realise,  
He who makes war - Enemy  
How many die in the blink of an eye,  
Just to settle the score  
Why does it take forever  
Open your eyes - Enemy  
How many die in the blink of an eye,  
And I want to know why it's me who's fighting

Drive a man to the point of insanity,  
You make him kill.  
No remorse 'cause mercy's dangerous,  
You're a death machine  
Men wounded, lie screaming  
I'm dying, help me  
I'll never see my mother's face again.

What does it mean to make a man realise,  
He who makes war - Enemy  
How many die in the blink of an eye,  
Just to settle the score

What does it mean to make a man realise,  
He who makes war - Enemy  
How many die in the blink of an eye,  
Just to settle the score  
Why does it take forever  
Open your eyes - Enemy  
How many die in the blink of an eye,  
And I want to know why it's me who's fighting

Every minute more, one minute less  
They've come for you  
Will this be the day life ends for me  
You'll never know what hit you  
Helpless and broken,  
I don't want to die  
I'm too young to fade to grey.

What does it mean to make a man realise,  
He who makes war - Enemy  
How many die in the blink of an eye,  
Just to settle the score  
Why does it take forever  
Open your eyes - Enemy  
How many die in the blink of an eye
