

I never feel the same, I can't sleep at night
Since that godforsaken madman took your life
I'm going insane, a pain I cannot fight,
I cry most every night
I cry myself to death, don't want to live without you

Come take my hand and hold me tight
God shines his light on me tonight
I need you now, help me through the night
I don't want to live without you anymore

Life's too short, a speck in time
A flash of light in one's mind
In my dreams, all I find
Are memories of another time
Why did you leave me alone?

Hush my baby don't your cry, mommy's gone away
I need you now, I need you now
Everything you were to me, I need you now
Forever in my heart I cry

Come take my hand and hold me tight
God shines his light on me tonight
I need you now, help me through the night
I don't want to live, I need you now

Build me a wall 100 feet high and leave me to wither
Call me insane, lock me behind my bloodshot mind
What's there to live for when all that you had was crushed and devoured
Just go away, leave me alone, can't you see that I want to die?

Why did you leave me alone?
I just can't live without you
Why did you leave me alone?
I've suffered so much pain

Life's so unfair as I crumble to the ground
Takes back what it's given
Where am I now? Who do I have? How do I cry?
I love you now more than ever before,
I yearn just to touch you
I'll never forget the look in your eyes
Why the hell did you have to die?

Why did you leave me alone?
I just can't live without you
Why did you leave me alone?
I've suffered so much pain
