

## Killing On Monroe Street

Whiplash

There's a killing on Monroe Street  
It happened right before my eyes  
With deadly action  
Come satisfaction  
And you can hear the victims cries  
Happens all the time  
Every night and day  
If you hang on Monroe Street  
You might get blown away  
Happens all the time  
Every night and day  
If you hang on Monroe Street  
You might get blown away  
There's a riot  
Down on Jackson  
The raging angry mob you fear  
Deadly axe licks  
Double bass kicks  
It's an assault upon the ears

Happens all the time  
Every night and day  
If you hang on Monroe Street  
You might get blown away  
Happens all the time  
Every night and day  
If you hang on Monroe Street  
You might get blown away  
There's a killing on Monroe Street  
It happened right before my eyes  
With deadly action  
Come satisfaction  
And you can hear the victims cries  
Happens all the time  
Every night and day  
If you hang on Monroe Street  
You might get blown away  
Happens all the time  
Every night and day  
If you hang on Monroe Street  
You might get blown away
