

# Nails In Me Deep

Whiplash

A question of honour and integrity  
Belief in the privilege of equality  
Determination and presence of mind  
The greatest justice in all mankind  
The day that the masses have authority  
We will be lead by the majority  
Escape from the grip held by those who betray  
With passion to seize the American Way  
The Truth  
Betrayed  
The Free  
Enslaved  
Never Stop Fighting  
There's freedom to reap  
Forever loyal  
Nails in me deep  
Never Stop Fighting  
There's freedom to reap  
Forever loyal  
Nails in me deep  
I must tell you something I think you should know  
Maintain a firm grip and there's no letting go  
The gift of freedom called democracy  
Certainly has it's nails dug deep in me  
You're stripped of salvation, won't you recognize  
The diplomatic defamation paralyze  
Deprived of rights and raped of dignity  
Oppression, suppression and tyranny  
The Truth

Betrayed  
The Free  
Enslaved  
Never Stop Fighting  
There's freedom to reap  
Forever loyal  
Nails in me deep  
Never Stop Fighting  
There's freedom to reap  
Forever loyal
