

## Snuff

## Whiplash

Street corner trick  
On sunset strip  
Long legs red hair  
With cross to bear  
Fled to the west  
In Sunday s best  
New life to lead  
Strive to succeed

Spit me out  
Spit me out  
Suck me back up again

The silver screen  
Her lifelong dream  
Vision denied  
Time after time  
Audition time  
Another line  
Use to abuse  
She can't refuse

Underground film  
Will pay the bills  
Chasing the fix  
Treats come with tricks  
Turn for the worst  
Drug money cursed  
Against her will  
Performance kills
