

Wheel Of Misfortune

Whiplash

Alone again, it never fails
Always seems to happen to me
Just when I think I've got it all,
Along comes fate, it all falls to the floor

Naïve but yet so conscious
Of the grim reality that I endure
I never won this game before,
Why does it happen to me?

I'm alive, but I'm not winning,
The life that I live, tell me who I to blame?

I'm so broke but I survive,
Can't keep up with modern times
It all costs more than I can afford,
Why should a man have to beg for more?

I see the rich get richer
While the poor survive day by day, it's wrong
I'm sick of all that I endure
The world where I belong

I'm alive, but I'm not winning
The life I live, tell me who am I to blame?
So alive, my head is spinning, my mind keeps turning,
Life is killing me.

It's always me who hits the wall,
The only man to take the fall
I fall onto my knees and cry,
'Cause everything I have just died

I try so hard to make it
In a world so cold, it's rotten to the core
But I'll keep trying more and more
'Til I get what's coming to me
