Turn It Up

Whiskey Myers

Its a speedball love song it ain't no lie I'm tired of being low its time to get high You got a bad reputation well I do too And I know you got another round left in you So turn it up Whoaa don't turn me down Yeah turn it up Don't you turn me down Irons in the fire and notches on your belt If your workin for hire I'm in need of some help I got the gas in tank so what do you thank I got some coins in my pocket gonna play some hank

You got your plastic wrap on your fresh tattoo Yeah a fire breathing dragon looks good on you Nasty as hell and ring my bell No time to whisper its time to yell
