

Disaster

Whiskey Rebels

16th and Broadway 3 the hard way
3 homeless street kids steal and drink all day
Wake up in the morning everything's alright
Me an sean steal and bomb all night

Whoa it was a disaster
Whoa now what were you after?
Yeah it was a tragedy
And that's why you were down
down with me yea yea

Homelessness, joblessness,
day to day, check to check
Walking down 21st, looking for the highlife
to sunset alley from daylight to twilight
Jumping off, getting lost
on the roof tops getting chased by cops
Doing what we had to do, fight to live
Future had no meaning for us fucked up kids
